

# CLOSERIE ALISIERS MÂCON MILLY-LAMARTINE

100% Chardonnay. Milly-Lamartine is recognized as superior quality, so the village has the right to put its name on the bottle. Strikingly beautiful aromas of honeysuckle, citrus and pineapple. Flavors of apple and citrus with a stony base. A delicious, crisp wine full of minerality, acidity and zest. Fresh and elegant. Light bodied. Slight bitterness at the finish. A real delight. Great with food! Organic.

Made at Domaine Carrette from specific vineyard plots selected by Stéphane Brocard. Fermented and matured on stainless steel only.

Stéphane Brocard is son of famed Chablis winemaker, Jean-Marc Brocard. An intimate knowledge of Burgundy and a desire to create something unique led him to set up Closerie des Alisiers in 2007, a boutique *négociant* business contracting in small parcels of carefully selected grapes. His philosophy is to craft authentic wines of purity, fruit and freshness. Wines that highlight their specific terroirs, with the utmost respect for the land and the environment. Stéphane works together with the vigneron, insists on organic farming practices, and the finished wine he is purchasing is manipulated as minimally as possible and held to the highest standards. "I was brought up with straight, pure, mineral wines, which are far from dull, and I'm still always looking for true wines, which emphasize the terroir before the grape variety," he says.
