

BORGO MARAGLIANO MOSCATO D'ASTI DOCG 'LA CALIERA'

100% Moscato Bianco Di Canelli. Aromas of peachy Muscat grapes, sage, elderflower and violets. Refreshing sweet honey and tangy citrus flavors with a barely perceptible bubble. Serve cool as an aperitivo or with dessert, confectionery, fruit salad or nut cake.

Borgo Maragliano sits 450 meters above sea level, in the heart of the small village of Loazzolo on a natural terrace in the Langhe hills. The region is typified by its marl and calcareous soil. The vineyard is on a southwestern facing slope at 450 meters above sea level. In the spring time a gentle wind called the Marin blows in from the sea and favors the maturation and the perfume of the grapes. Grapes are harvested at optimal ripeness. Borgo Maragliano covers an area of 62 acres of vineyards and the wine is vinified, bottled and packed by members of the Galliano family who preserve a great respect for tradition but at the same time employ the most modern vinification techniques, methods and equipment.

The Galliano family has a long history with their roots established in Loazzolo over five generations. Carlo Galliano and his wife Sylvia run this family estate, ably aided by Carlo's parents, Giuseppe and Germana. Borgo Maragliano is a family estate, which means that all the family is involved in the success and work of the winery. Giuseppe takes care of the vineyards, while Carlo is the oenologist and works mainly in the vinification department. Carlo and Sylvia, with the invaluable support of Giuseppe and Germana, manage the vineyards, whose produce is vinified and bottled in their cellars in Loazzolo. Their wines are the result of careful and meticulous labor. They represent the highest expression of this distinctive territory and of its soil.
