

TERRA SANTA ILE DE BEAUTÉ IGP ROSÉ

100% Sciaccarellu. A fresh, crisp grape native to Corsica that produces an aromatic, fruity and lively Rosé.

Pale pink in color with salmon hints. A good, direct rosé, with peach, watermelon and strawberry notes enlivened by a brisk savory streak. Well-balanced; supple & bold on entry; good length with a light, refreshing, snappy finish. The ideal partner for an aperitif or to accompany salads, white meats and grilled meats.

The soil around Aléria is characterized by its clay sediments left over by the evaporation of the Miocene sea. Grapes are picked at night at low temperatures in order to preserve their aromas and avoid oxidation. Pressed and drained immediately, fermentation at 16 degrees with automatic temperature control.

The Terra Santa vineyards are located on the East coast of Corsica, also called "The Beauty Island," and come from a very long wine tradition; in fact, vines have been planted in the region of Aléria since Antiquity. Terra Santa means "Land blessed by the gods." Ideally located between sea and mountain, the vineyard is alternatively bathed by the summer heat and the freshness of the night. The local grape varieties are cultivated as a tribute to the traditional Mediterranean lifestyle and express the full character of the land.

Unlike many islands, Corsica is large enough to support more than one cooperative. UVIB (Union de Vignerons de l'Ile de Beauté) is the best, producing a range of fresh wines, from the east coast near Aleria.
