

CHÂTEAU MAYNE TURON BORDEAUX

Merlot, Cabernet Sauvignon and Cabernet Franc. A dark, near-opaque color with bright magenta hues. Intense aromas of fruit and spice. Flavors of black cherries, plums and forest floor. The palate is juicy, round and lively with a pleasant acidity. The tannins are restrained, but framing. The finish is soft, making it a good by-the-glass pour or an everyday sip. This well-balanced wine is the perfect partner for cocktail parties, or with red meats such as a duck braised in mushrooms.

The soil in the vineyards is made up of clay and limestone and is 63 acres. Vinification occurs in stainless steel temperature controlled tanks at 77°F. Aging in concrete vats.

Chateau Le Mayne Turon belongs to the Carnelos Family, which has worked for several generations both in their vineyards and raising their cows. They cultivate their estate with passion and love, which you can feel while tasting their wine. Since 2011, the estate has been certified as sustainable agriculture.
