

# COUNTY LINE VINEYARDS ANDERSON VALLEY ROSÉ

100% Pinot Noir; single vineyard sourced. Instantly captivates with a blush pink hue and electrifying acidity. Aromas of limes and freshly squeezed lemon juice, with notes of bright yellow pear and dried apricot. Hints of guava and orange blossom with fresh cut roses and lemongrass, with a zip of white pepper on the finish. Bone dry with an unwavering minerality. The perfect accompaniment to fresh oysters. Try it in place of mignonette sauce and savor long after the oysters run out. Organic.

Sourced from the Elke Home Ranch Vineyard. Whole cluster pressed champagne clone of pinot noir grapes. Traditional winemaking techniques and a shorter élevage in neutral French oak barrels or stainless steel, each wine is made to provide a cool-climate appellation snapshot. These food friendly comfort wines are crafted to drink gracefully in the present and be enjoyed throughout the seasons.

County Line is a side project of acclaimed California winemaker, Eric Sussman. Drawing on his experience and connections at Radio-Coteau, Sussman works closely with winegrowers in some of the most unique and distinctive vineyard sites in Sonoma and Mendocino Counties. The wines are true to place— honest expressions of the finest cool-climate sites in the North Coast. Serious wines from serious vineyard sources, made for daily drinking.
