

# DEUX MOULINS ROSÉ DE LOIR

Grolleau, Gamay and Cabernet Franc from the Loire Valley. Floral-driven notes of grapefruit, ripe stone fruit and crushed rocks. This dry Loire Valley rosé is crisp, fresh and fruity; very light, easy to drink and refreshing.

The grapes from The Rosé de Loire come from vines planted in clay and schist soils. Direct pressing and short maceration. Fermentation in stainless-steel tanks.

Each year, Paris Wine Company tastes and selects the best cuvées for the Deux Moulins label, and founder Joshua Adler uses his knowledge of French wine regions and strong connections with producers to create custom bottlings for The Good Wine Project. The project focuses on discovering good wines at great prices with fun labels. The label artwork for Deux Moulins was created by Matthieu David, a key figure in the Paris Wine Company family. *“The Deux Moulins wines are some of the most delicious values in France. They are selected to be perfect for everyday consumption and are easy to drink on their own or with a wide variety of dishes.”* -Joshua Adler
