

AMPLIFY WINES MIXTAPE RED SANTA BARBARA COUNTY

Merlot, Grenache Blanc, Refosco, Sangiovese and Tempranillo. A lighter, chillable red that has a lot of aromatic and textural depth. Backbone, liveliness and succulent red fruit notes. This will match just about any food on your table & will be sipping it all year long. Organic.

The Grenache & Refosco are pressed directly with only a couple hours of skin contact; the others are fermented to dryness on their skins. All the red fermentations saw a portion of stem inclusion, about 1/3, which lifted the wine's freshness & spice notes. Native yeast fermentations; neutral vessels for fermentation and aging; no additions of any kind except for minimum effective sulfur dioxide; and farming that seeks to establish a healthy ecosystem, enhancing and supporting the natural characteristics of a given place. Unfined, unfiltered and hand bottled by gravity.

Cameron and Marlen Porter, a husband-and-wife team born and raised in Santa Barbara County, first bonded over a shared love for wine and music. Amplify is a natural extension of this marriage between their two greatest passions. The exploration, and elevation, of their growing region has been their life's work. As winemakers, they seek to amplify the voice of site and enhance the most singular characteristics of a given vineyard, marrying a sense of place with a sense of style. They embrace the happy accident, letting intuition guide their hand, with their creative spirit and palates as their primary tools.
