

MAS DES CABRES LANGUEDOC ROUGE TERRES D'ASPERES

Syrah & Grenache. A great classic wine from Languedoc. The Syrah & Grenache greatly reflect the Aspères terroir & show notes of blackberry & scrublands. Cabres is the Occitan word for the goats that were bred in the area in the 18th century. The domaine has been farming organically since 2019.

From the Paladasses and Roumanières vineyards in the Languedoc, covering 8.64 acres at an altitude of 70-100m. The vines were planted between 1981-2013.

Traditional vinification in concrete tanks. Aged 12 months in fiberglass tanks.

Located in the foothills of the Cévenne mountains, Languedoc-Roussillon, France, Mas des Cabres makes unique wines that reflect their specific limestone and red clay terroir, located where the Languedoc comes together with the Rhône Valley. Their philosophy is to minimize intervention from the vines to the cellar, so as to let the wines express their true nature. The name Mas des Cabres comes from the name of the central lieu-dit where the vineyards are situated. Cabres is the Occitan word for the goats that were bred in this area in the 18th century. The domaine has been farming organically since 2019.
