

WEINGUT LOUIS GUNTRUM GROSSES GEWÄCHS NIERSTEIN HIPPING – RIESLING TROKEN

A Grand Cru, world-class Riesling. Ripe, complex aromas of lychee, pear, pineapple and apricot with nuances of fresh herbs. Lots of body, fullness and smoothness paired with elegance and structure. Fresh acidity, minerality and a long finish. Sustainable farming and natural winemaking.

Harvested on steep slopes with a gradient of up to 55°, overlooking the Rhine river, (Nierstein) Rheinhessen, Germany. The soils are world-unique red sandstone. The vines have an average vine age of 35 years. Grapes are harvested by hand. Guntrum's philosophy in winemaking is to use modern technology where appropriate, but traditional approaches and ideas, handed over from generation to generation, for most of the grape growing and winemaking.

Louis Guntrum was established in 1648, and since 2003 has been owned and operated by Louis Konstantin Guntrum, who is the 11th generation of the Guntrum family to make wine. During the French Revolution, the Guntrum family fled across the Rhine river and temporarily relocated in Bensheim. In 1909, Louis Guntrum returned to Nierstein and founded the Louis Guntrum winery as it is known today. In February 1945, during World War II, U.S. General George Patton occupied the winery and the family mansion, having crossed the Rhine river directly at the Louis Guntrum estate. The current generation is focused on producing high-quality wines that are produced with passion and rooted in history.
