

DOMAINE DE LA TERRE ROUGE VIN GRIS D'AMADOR ROSÉ, SIERRA FOOTHILLS

Grenache, Mourvèdre and a small amount of white Rhône varietals. Subtle cinnamon/nutmeg spiciness with tasty persimmon, watermelon and white peach characteristics and a crisp bite. It is absolutely dry with a delicious creamy nuance, richness and the terroir of the best French rosés. Full body and bracing acidity with a lingering finish.

Terre Rouge means "Red Earth." This vermilion-colored soil is one of the hallmarks of the region. The vineyards are in soils that are largely granite and volcanic-based. The rosé juice is old-soaked on the Grenache & Mourvèdre grape skins for 24 hours to extract the flavor, some color & intensify flavors & complexity. Later they blend in a small amount of white Rhône varietals to add nuance & complexity to the completed rosé. Fermentation in French barrels.

Terre Rouge and Easton Wines is located on the West Slope of the Sierra Nevada in Amador County's Shenandoah Valley. An artisan winery established in 1986 by Bill Easton and Jane O'Riordan, they make 30 different wines, most of them very small lots. Each is unique and site-specific with a sense of place all of their own. The Terre Rouge portfolio is composed of wines made from Rhône varietals grown in the rugged and varying terroirs of the region. Winemaker Bill Easton puts his family name, Easton, on their non-Rhône-varietal wines. Easton wines are crafted from varietals that have traditionally worked the best in Amador County and the Sierra Foothills: ancient and old-vine Zinfandel, Barbera, Cabernet Sauvignon, and Sauvignon Blanc. Under the Easton label they also bottle small selections of varietals new to the Sierra Foothills: Pinot Noir and Cabernet Franc. At Terre Rouge and Easton they strive to manage their business and vineyards with as little impact on the environment as possible. The vineyards are farmed sustainably; they mow and plow and don't use chemicals. The style of their red wines emphasizes deep color, balanced flavors, a full middle palate, and a long finish with power and finesse. They gain complexity with age. Their whites are aromatic, flavorful, with nice texture and balanced with good acidity. They also show an amazing mineral sense that is derived from the stony mountain soils. Their goal for the last 25 years has always been to make the finest wines possible that can be placed on a table with the best wines of the world.
