POINTS

*"A wine from a selection of sites over 3.9ha in Butteaux, Forêts & Montmains. Butteaux is very cold & mineral, while Forêts is elegant & floral. Great precision & focus here, allied with crystalline citrus fruits on the palate. Shows density, but is also very fresh, with lovely mineral characters on the finish. A highly successful Montmains."*

POINTS

*"...Aromas of crisp green apple, white flowers, bee pollen and oyster shell. Medium to full-bodied, satiny and concentrated, it's taut and precise, concluding with a saline finish...once again exceptional, and it's hard to think of any of Chablis's larger estates that can match Fèvre for consistency and quality across the board." - (WK) (7/2021)*
