

BRICK & MORTAR VIN PÉTILLANT SPARKLING ROSÉ

Pinot Noir and Chardonnay. Fine bubbles intertwine flavors of ripe pear and red apple with strawberries and cream. The nose is delicate and floral, with notes of cherry blossom, rose petal and orange zest. The wine is rich on the palate with a mouthwatering freshness and vivaciously creamy bubble equal to many fully sparkling wines. A delicious aperitif or brunch bubbly, and a great match for smoked salmon, oysters or fresh cheeses. Organic.

Sourced from the organic Home Block Vineyard in the heart of Carneros, in the Sonoma Coast AVA. Influenced by cooler daytime temperatures and gentle breezes, Home Block is one of the closest vineyards to the San Pablo Bay - the major water inlet near San Francisco that leads to the Pacific Ocean. Planted in the early-2000s, the soil is primarily Haire clay loam. Chilly nights, long hang times and wonderful structure creates the perfect base for a sparkling rosé. Prior to the completion of primary fermentation, the wine is bottled and capped, where fermentation is carried out naturally to full dryness in the bottle creating effervescence in the wine. This wine is made without the addition of sulfur. All bottles are riddled and disgorged by hand prior to release.

Old-world refinement. New-world roots. Founded in 2011, brick & mortar focuses on single-vineyard Chardonnay, Pinot Noir & Syrah from select high-elevation Napa, Sonoma & Mendocino vineyards. Their wines are elegant, balanced & food-friendly. Like the great European wineries, they believe that the best wines express a unique time & place. So they let each of their distinct vineyards speak for themselves, with minimal intervention. They pick early, ferment with native yeasts & use oak & sulfur judiciously, resulting in low-alcohol wines of grace & finesse.
