

LE RENARD CÔTEAUX BOURGUIGNONS

Gamay and Pinot Noir. Lovely deep red color with purple tints. Very expressive nose offering red and black fruit aromas with an herbaceous brightness and a floral lift. Luscious, juicy fruit, fresh acidity and the softest of tannins with a smooth structure and a silky texture. Generous and refined. Sweet berries on the long, mouth-watering finish.

Le Renard (The Fox) is a limited range of high-end wines selected by the Devillard family from some of the best terroirs in Burgundy, with the simple philosophy of: expressing the purest taste of each grape varietal from the Burgundy region. Devillard selects wines from family domaines they know, located in Côte Chalonnaise and South of Côte de Beaune, around Santenay and Maranges. They also source their young wines from Château de Chamirey. Alcoholic fermentation and aging are 100% made in stain-less steel tanks. 100% malolactic fermentation occurs as well. The wine is bottled in Burgundy traditional bottles.

Le Renard is a limited range of high-end wines selected by the Devillard family from some of the best terroirs in Burgundy. The wines of the Le Renard range are made with a simple philosophy in mind: expressing the purest taste of each grape varietal from the Burgundy region. Brother and sister Amaury and Aurore Devillard represent the 5th generation of this historical Burgundian family. The Devillard's roots started in Mercurey in the XIIth century. However, their first estate label – Château de Chamirey – was not bottled until 1934. Beyond Mercurey, the Devillards have domaines in Nuits-Saint-Georges, Givry, Mâcon, and Pouilly-Fuissé. With over fifty percent of their vineyards designated as Premier Cru, and quite a few Grand Crus, the Devillards understand the importance of price to quality ratio; their wines are accessible to everyone.
