

LE RENARD BOURGOGNE PINOT NOIR

100% Pinot Noir. Intense red color with purple reflects, very expressive aromas and flavors of red and black fruit with vanilla, light spices and a hint of undergrowth. The palate is well-balanced between generosity and finesse.

Light, bright, fresh and savory. Restrained and elegant; a lovely easy-drinking style. Vibrant finish. Pairs wonderfully with roast chicken, wild duck or boar, rich curries and mature cheeses.

Le Renard (The Fox) is a limited range of high-end wines selected by the Devillard family from some of the best terroirs in Burgundy, with the simple philosophy of: expressing the purest taste of each grape varietal from the Burgundy region. Devillard selects wines from family domaines they know, located in Côte Chalonnaise and South of Côte de Beaune, around Santenay and Maranges. They also source their young wines from Château de Chamirey. For more than fifteen centuries, pinot noir grapes have produced red wines in Bourgogne which are among the best of the world. Grapes are blended and bottled. Only a few oak casks are used to highlight the purity of the fruit.

Le Renard is a limited range of high-end wines selected by the Devillard family from some of the best terroirs in Burgundy. The wines of the Le Renard range are made with a simple philosophy in mind: expressing the purest taste of each grape varietal from the Burgundy region. Brother and sister Amaury and Aurore Devillard represent the 5th generation of this historical Burgundian family. The Devillard's roots started in Mercurey in the 11th century. However, their first estate label – Château de Chamirey – was not bottled until 1934. Beyond Mercurey, the Devillards have domaines in Nuits-Saint-Georges, Givry, Mâcon, and Pouilly-Fuissé. With over fifty percent of their vineyards designated as Premier Cru, and quite a few Grand Crus, the Devillards understand the importance of price to quality ratio; their wines are accessible to everyone.
