

# LE RENARD BOURGOGNE CHARDONNAY

100% Chardonnay. Nice golden color, refined and delicate. Aromas of citrus, apples and white flowers. Develops into notes of dry fruits, anise, citrus, spices and almond. The mouth is ample and generous. Well-balanced with a fresh finish. A beautiful aperitif or accompaniment to fish and seafood dishes, pies with vegetables and cheeses with white mold.

*Le Renard* (The Fox) is a limited range of high-end wines selected by the Devillard family from some of the best terroirs in Burgundy, with the simple philosophy of: expressing the purest taste of each grape varietal from the Burgundy region. Devillard selects wines from family domaines they know, located in Côte Chalonnaise and South of Côte de Beaune, around Santenay and Maranges. They also source their young wines from Château de Chamirey. Clay and limestone soils. Traditional vinification in steel, aging 9 months in stainless steel (80% wine) and in new oak barrels (20%).

Le Renard is a limited range of high-end wines selected by the Devillard family from some of the best terroirs in Burgundy. The wines of the Le Renard range are made with a simple philosophy in mind: expressing the purest taste of each grape varietal from the Burgundy region. Brother and sister Amaury and Aurore Devillard represent the 5th generation of this historical Burgundian family. The Devillard's roots started in Mercurey in the XIIIth century. However, their first estate label – Château de Chamirey – was not bottled until 1934. Beyond Mercurey, the Devillards have domaines in Nuits-Saint-Georges, Givry, Mâcon, and Pouilly-Fuissé. With over fifty percent of their vineyards designated as Premier Cru, and quite a few Grand Crus, the Devillards understand the importance of price to quality ratio; their wines are accessible to everyone.
