Wine Advocate
POINTS

"...The nose explodes to gregarious aromas of chalk, freshly baked brioche & crushed almonds with a lush core of peachy fruits & honeyed nuances. The palate is all class, with those ripe fruits reigned in by chalky undertones & framed by fine, featherweight mousse, & it finishes long & toasty." - (EB)(9/2020)

Wine & Spirits
POINTS

"...a wine of unusual & dramatic savor. Salty, nutty, bready, with a lees character so pronounced it brings sherry to mind, the wine nevertheless has a tremendous tension to the its structure, a lemon curd brightness over the breadth from the lees yielding an umami character in the extreme. It's hunger inducing for—well, anything, including, say, pork croquettes & patatas bravas." (8/21)

vinous
POINTS

"...a striking interplay of textural richness & breadth buffered by vibrant acids that add freshness. Tangerine oil, almond, dried flowers & mint impart a strong savory character, but what stands out most is sheer vinous intensity...a rich, beautifully textured sparkling wine that truly comes alive at the dinner table...one of the most compelling sparkling wines being made in California..."
