

BROADBENT SPRITZY ROSÉ WINE

Indigenous red varieties Borraçal, Espadeiro, Amaral and Vinhão. One of your favorite wines, now in a can! Vibrant and delicate aromas and flavors of fresh strawberry, melon, pomegranate and orange zest. Well balanced with a soft and pleasantly light spritz. A soft crushing and pressing make it possible to gently extract the juice. The rosé must is clarified resulting in a bright, clear wine.

Vinho Verde, Portugal's largest wine region, stretches from the Spanish border to south of Oporto. The soils are acid-rich and granite-based, with areas of schist or slate and clay. The slopes tend to be gentle, though some vineyards are planted on steep or terraced slopes. The trademark fizz of Vinho Verde wines derives from the release of carbon dioxide during malolactic fermentation. This Vinho Verde Rosé was made exclusively from red grape varieties. A soft crushing and pressing make it possible to gently extract the juice. The rosé must is clarified resulting in a bright, clear wine.

Bartholomew Broadbent's deep roots in Portugal inspired him to create his own range of table wines. His vision was to produce the most reliable and traditional of all Vinho Verdes and to resolve the usual whine that Vinho Verde never tastes like it tastes in Portugal. The solution was twofold: to partner with a winery that had consistent production, and to ship the wines in refrigerated containers. The latter enables the wine to taste as fresh and spritzzy as it would ever taste in Portugal, and since its launch in 2005, Broadbent Vinho Verde has rapidly earned a reputation as one of the finest that the region produces.

AN EASTERLY WINE SELECTION • BELFAST, ME
