"... [T]his extraordinary wine has enormous flinty character & Mirabelle plum fruit on the medium-bodied palate. Enormous power & minerality in the expansive yet super-focused finish. Whatever you do, put this in a large glass of the kind you'd use for a great pinot noir. From organically grown grapes. Vegan." (July 2024)

POINTS

"... The nose is a seductive blend of all manner of green & yellow citrus: yellow grapefruit, lemon, lime & an alluring hint of still-green Seville orange. The palate has juiciness, fill & fluidity, but it's absolutely framed by these juicy citrus notions. The body is slender & dry, swinging & vibrates with this aromatic zestiness. (Bone-dry)." POINTS

"... [D]eep, pure & intense on the citrusy & slatey-savory nose. Complex, full-bodied & powerful on the palate, a big (Bordeaux or Burgundy) glass is highly recommended for this cru. This is a refined, rich & powerful yet saline & crystalline, very elegant & defined Riesling with very fine tannins & finely crunchy minerals. It has a very long, tight & astringent but also salivating finish." (Oct 2024)
