Arturo's and Vitruvian vineyards, established in 1974 and 2019 respectively, are situated at an elevation of 80 meters with a southeast and west orientation on a sloped terrain. The soil is Bokkeveld Shale, which is conducive to the maritime, cool, and windy climate of the region. The harvest occurs from mid-February to mid-March, benefiting from a cold, wet winter that allows for healthy vine rest and a perfect ripening season. The grapes are hand-harvested and destemmed at the cellar before being placed in open fermenters. Fermentation begins with non-Saccharomyces yeast and is inoculated after a few days of soaking. The cap is punched down three times daily, and the grapes are pressed nearly dry before transferring to a tank for malolactic fermentation. The wine then matures for 10 months in French oak barrels, with 20% being new oak.

Beaumont is a charming family-run farm and winery situated in the quaint Overberg Village of the Bot River ward, Walker Bay Region, South Africa. The farm is home to the region's oldest wine cellar and is steeped in history dating back to the 1700's. The farm was purchased by the Beaumont Family in 1974. In 1994 Jayne Beaumont produced the first wine under the Beaumont label. In 2004, Sebastian Beaumont, having honed his skills working in the vineyards, took over the reins in the cellar and has continued to build the Beaumont reputation. The property is 1,200 acres with 74 acres of vines, 15 acres pears and 7 almonds and a few olive trees.
