Sourced from vineyards in Cerreto Guidi (near Florence), located in the western part of the Chianti region, Tuscany, Italy. Southwest-facing on mid-slopes, situated at 100-300 meters. The soil is a mix of clay and limestone, which provides excellent water retention to sustain vines through warm Tuscan summers. Grapes are harvested at optimal ripeness, followed by careful sorting and gentle crushing. The must undergoes skin maceration for 1-2 weeks. Fermentation in stainless steel tanks at controlled temperatures. Aged in stainless steel tank.

Tenute Rossetti was founded in the early 1900s by Sabatino Rossetti and significantly expanded in the 1970s and 80s by the third generation, Tino and Linda Rossetti. Headquartered in Cerreto Guidi, near Florence, it is situated in a high-quality sub-region of Chianti. While modern and technologically advanced, it maintains deep roots in Tuscan tradition, focusing on core appellations like Chianti, Chianti Classico, and Toscana IGT. They operate as part of the larger Fantini Group, a major Italian wine exporter. Founded in 1994 in Abruzzo, the Fantini Group grew rapidly by partnering with local growers rather than owning all its vineyards—a "federation" model that ensures high quality through expert oversight.
