

# PICCOLO GOCCIO PINOT GRIGIO

100% Pinot Grigio. Inviting aromas of ripe pear, green apple and subtle baking spices. Crisp and mouthwatering. On the palate, its light-bodied and racy structure delivers zesty citrus and stone fruit flavors, culminating in a clean, persistent finish that emphasizes varietal purity. This highly versatile quaffable wine is an excellent choice as an apéritif and pairs beautifully with sushi, delicate fish dishes, fresh cheeses, or light vegetable-based appetizers. Organic.

Sourced from hillside vineyards along the Adige River in the Alto Adige region of Italy. The vineyards are at an altitude of 400m. The soil is made up of lime with glacial deposits. The vines were planted in 1990. Controlled low temperature fermentation in stainless-steel tanks with selected yeasts. Aged for 4 months in stainless steel on the lees before bottling.

Since 1994, California-based importer Oliver McCrum has specialized in transparent Italian wines that prioritize varietal purity and fresh acidity over oak influence. His *Piccolo Goccio* (little sip) project is a curated series of high-quality, accessible table wines, designed for casual, everyday enjoyment. By collaborating with established artisanal estates across Italy (often long-term partners) McCrum bottles site-specific cuvées that emphasize both quaffability and sustainability, utilizing eco-friendly practices like lightweight glass and capsule-free packaging.
