

SMALL WONDER PINOT NOIR 'LANDSCAPE'

100% Pinot Noir. It is delicate, lithe and energetic, displaying vibrant aromas of red plum, raspberry, cranberry, star anise, pink peppercorn, and vanillin oak. The medium-bodied palate balances a fleshy, ripe texture with an impressive line of savory, tangy tension and balanced acidity. The finish is long and supple, leaving a silken textural impression and clean fruit depth. This wine pairs beautifully with roasted poultry like chicken or turkey, grilled salmon, earthy wild mushroom dishes and semi-firm cheeses like Comté or Gruyère.

The fruit is grown primarily on the Western Ridge of the Tamar Valley region in northern Tasmania, Australia. The vineyard is 165 feet above sea level and experiences a classically cool climate influenced by the nearby Tamar River and cooling winds from the Bass Strait. Well-draining soils layered over fractured volcanic basalt and sedimentary gravels. The vines were planted in 1998. In the cellar, the fruit underwent a three-day cold soak followed by 14 days of post-fermentation skin contact. The process included about 10% whole-cluster integration. The wine was lightly oaked, completing an élevage of 10 months in French oak barrels (10% new) before bottling at 13.4% ABV.

Small Wonder Wines is a certified organic, boutique wine producer located on a mature 62-acre estate in Tasmania's Tamar Valley (with a second developing site in the Coal River Valley). Originally planted in 1998 as Goaty Hill, the property was acquired by the Overstory group in 2020 and rebranded, launching its debut vintage in 2022 under winemakers Andrew Trio and Ockie Myburgh. Emphasizing a low-intervention, estate-grown philosophy, the winery specializes in cool-climate varieties like Pinot Noir, Chardonnay, and Riesling. Its striking, sustainable on-site production facility—designed by Kerry Hill Architects using local bluestone—is entirely solar-powered and features an immersive cellar door and a seasonal restaurant led by Head Chef Konstantin Putkin.
